Cresta Blanca Souvenir Wines.

High-grade California Wines, which equal imported, are the vintages of 1890 and 1891. The only California Wines sold at these concerts.

CRESTA BLANCA is situated at the mouth of the Cañon of the Arroyo del Valle, near Livermore, Alameda County, California. It is a tract of nearly five hundred acres of romantically diversified hill and valley land, nearly all of which is suitable for culture. It was specially selected on account of soil and climatic conditions, which gave promise of the highest possible excellence in wine, olive, and fruit products. It has always been the aim of the proprietors not only to equal but to excel the celebrated vintages of France, and also to produce the grape in its highest degree of perfection. The success of their endeavors is shown by the many awards received for Cresta Blanca Wine. At the Paris Exposition in 1889 a gold medal was awarded these wines by a jury of international experts, and seven gold medals have been awarded in this country since that time.

These wines are produced from varieties identical with those of the celebrated vineyards in France. If you cannot procure them of your wine merchant or grocer, apply to

Cresta Blanca Souvenir Wines.

High-grade California Wines, which equal imported, are the vintages of 1890 and 1891. The only California Wines sold at these concerts.

CRESTA BLANCA is situated at the mouth of the Cañon of the Arroyo del Valle, near Livermore, Alameda County, California. It is a tract of nearly five hundred acres of romantically diversified hill and valley land, nearly all of which is suitable for culture. It was specially selected on account of soil and climatic conditions, which gave promise of the highest possible excellence in wine, olive, and fruit products. It has always been the aim of the proprietors not only to equal but to excel the celebrated vintages of France, and also to produce the grape in its highest degree of perfection. The success of their endeavors is shown by the many awards received for Cresta Blanca Wine. At the Paris Exposition in 1889 a gold medal was awarded these wines by a jury of international experts, and seven gold medals have been awarded in this country since that time.

These wines are produced from varieties identical with those of the celebrated vineyards in France. If you cannot procure them of your wine merchant or grocer, apply to

Cresta Blanca Souvenir Wines.

High-grade California Wines, which equal imported, are the vintages of 1890 and 1891. The only California Wines sold at these concerts.

CRESTA BLANCA is situated at the mouth of the Cañon of the Arroyo del Valle, near Livermore, Alameda County, California. It is a tract of nearly five hundred acres of romantically diversified hill and valley land, nearly all of which is suitable for culture. It was specially selected on account of soil and climatic conditions, which gave promise of the highest possible excellence in wine, olive, and fruit products. It has always been the aim of the proprietors not only to equal but to excel the celebrated vintages of France, and also to produce the grape in its highest degree of perfection. The success of their endeavors is shown by the many awards received for Cresta Blanca Wine. At the Paris Exposition in 1889 a gold medal was awarded these wines by a jury of international experts, and seven gold medals have been awarded in this country since that time.

These wines are produced from varieties identical with those of the celebrated vineyards in France. If you cannot procure them of your wine merchant or grocer, apply to

Do not be misled by the idea that in order to get good wines you must buy imported: such is not the case, for the **CELEBRATED CRESTA BLANCA CALIFORNIA WINES**, vintages of 1890 and 1891, are equal, and in many respects superior, to imported. They are the *only* California wines sold at these concerts.

Patriotism runs high in our midst to-day, as it did in the eventful days of '76, and there is no class of people in the United States who are better able to comprehend this subject than our own people here in New England.

Do not be misled by the idea that in order to get good wines you must buy imported: such is not the case, for the **CELEBRATED CRESTA BLANCA CALIFORNIA WINES**, vintages of 1890 and 1891, are equal, and in many respects superior, to imported. They are the *only* California wines sold at these concerts.

Patriotism runs high in our midst to-day, as it did in the eventful days of '76, and there is no class of people in the United States who are better able to comprehend this subject than our own people here in New England.

Do not be misled by the idea that in order to get good wines you must buy imported: such is not the case, for the **CELEBRATED CRESTA BLANCA CALIFORNIA WINES**, vintages of 1890 and 1891, are equal, and in many respects superior, to imported. They are the *only* California wines sold at these concerts.

Patriotism runs high in our midst to-day, as it did in the eventful days of '76, and there is no class of people in the United States who are better able to comprehend this subject than our own people here in New England.

Do not be misled by the idea that in order to get good wines you must buy imported: such is not the case, for the **CELEBRATED CRESTA BLANCA CALIFORNIA WINES**, vintages of 1890 and 1891, are equal, and in many respects superior, to imported. They are the *only* California wines sold at these concerts.

Patriotism runs high in our midst to-day, as it did in the eventful days of '76, and there is no class of people in the United States who are better able to comprehend this subject than our own people here in New England.

"America for Americans."

Do not be misled by the idea that in order to get good wines you must buy imported: such is not the case, for the **CELEBRATED CRESTA BLANCA CALIFORNIA WINES**, vintages of 1890 and 1891, are equal, and in many respects superior, to imported. They are the *only* California wines sold at these concerts.

Patriotism runs high in our midst to-day, as it did in the eventful days of '76, and there is no class of people in the United States who are better able to comprehend this subject than our own people here in New England.

If you cannot obtain these wines of your wine merchant or grocer, apply to

"REMEMBER THE NAME!"

Certain individuals who do not patronize American industries
Run of an idea that in order to get good wines they must use
European products, when there is no necessity for
So doing, and in these stirring and patriotic times of
Today everybody should feel a keen interest in
American products which are deserving of merit,

Both for the reasons that they are used
Largely among American citizens, and made by
Americans for American people in America
Now and always; and therefore we ask you to give the
Cresta Blanca California Wines
A fair and impartial trial at your club or home

With anything of like cost from France.
Inasmuch as these wines have been acknowledged second to
None in comparison with goods from the
European countries, wherever exhibited, you
Surely are in favor of American goods.

The ONLY California Wines used at these Concerts. Order
a bottle and be convinced.

"REMEMBER THE NAME!"

Certain individuals who do not patronize American industries
Run of an idea that in order to get good wines they must use
European products, when there is no necessity for
So doing, and in these stirring and patriotic times of
Today everybody should feel a keen interest in
American products which are deserving of merit,

Both for the reasons that they are used
Largely among American citizens, and made by
Americans for American people in America
Now and always; and therefore we ask you to give the
Cresta Blanca California Wines
A fair and impartial trial at your club or home

With anything of like cost from France.
Inasmuch as these wines have been acknowledged second to
None in comparison with goods from the
European countries, wherever exhibited, you
Surely are in favor of American goods.

The ONLY California Wines used at these Concerts. Order

"REMEMBER THE NAME!"

Certain individuals who do not patronize American industries
Run of an idea that in order to get good wines they must use
European products, when there is no necessity for
So doing, and in these stirring and patriotic times of
Today everybody should feel a keen interest in
American products which are deserving of merit,

Both for the reasons that they are used
Largely among American citizens, and made by
Americans for American people in America
Now and always; and therefore we ask you to give the
Cresta Blanca California Wines
A fair and impartial trial at your club or home

With anything of like cost from France.
Inasmuch as these wines have been acknowledged second to
None in comparison with goods from the
European countries, wherever exhibited, you
Surely are in favor of American goods.

The ONLY California Wines used at these Concerts. Order
a bottle and be convinced.

"REMEMBER THE NAME!"

Certain individuals who do not patronize American industries
Run of an idea that in order to get good wines they must use
European products, when there is no necessity for
So doing, and in these stirring and patriotic times of
Today everybody should feel a keen interest in
American products which are deserving of merit,

Both for the reasons that they are used
Largely among American citizens, and made by
Americans for American people in America
Now and always; and therefore we ask you to give the
Cresta Blanca California Wines
A fair and impartial trial at your club or home

With anything of like cost from France.
Inasmuch as these wines have been acknowledged second to
None in comparison with goods from the
European countries, wherever exhibited, you
Surely are in favor of American goods.

The ONLY California Wines used at these Concerts. Order
a bottle and be convinced.

"REMEMBER THE NAME!"

Certain individuals who do not patronize American industries
Run of an idea that in order to get good wines they must use
European products, when there is no necessity for
So doing, and in these stirring and patriotic times of
To-day everybody should feel a keen interest in
American products which are deserving of merit,

Both for the reasons that they are used
Largely among American citizens, and made by
Americans for American people in America
Now and always; and therefore we ask you to give the
Cresta Blanca California Wines
A fair and impartial trial at your club or home

With anything of like cost from France.
Inasmuch as these wines have been acknowledged second to
None in comparison with goods from the
European countries, wherever exhibited, you
Surely are in favor of American goods.

"REMEMBER THE NAME!"

Certain individuals who do not patronize American industries
Run of an idea that in order to get good wines they must use
European products, when there is no necessity for
So doing, and in these stirring and patriotic times of
To-day everybody should feel a keen interest in
American products which are deserving of merit,

Both for the reasons that they are used
Largely among American citizens, and made by
Americans for American people in America
Now and always; and therefore we ask you to give the
Cresta Blanca California Wines
A fair and impartial trial at your club or home

With anything of like cost from France.
Inasmuch as these wines have been acknowledged second to
None in comparison with goods from the
European countries, wherever exhibited, you
Surely are in favor of American goods.

The ONLY California Wines used at these Concerts. Order
a bottle and be convinced.

"REMEMBER THE NAME!"

Certain individuals who do not patronize American industries
Run of an idea that in order to get good wines they must use
European products, when there is no necessity for
So doing, and in these stirring and patriotic times of
To-day everybody should feel a keen interest in
American products which are deserving of merit,

Both for the reasons that they are used
Largely among American citizens, and made by
Americans for American people in America
Now and always; and therefore we ask you to give the
Cresta Blanca California Wines
A fair and impartial trial at your club or home

With anything of like cost from France.
Inasmuch as these wines have been acknowledged second to
None in comparison with goods from the
European countries, wherever exhibited, you
Surely are in favor of American goods.

The ONLY California Wines used at these Concerts. Order
a bottle and be convinced.

"REMEMBER THE NAME!"

Certain individuals who do not patronize American industries
Run of an idea that in order to get good wines they must use
European products, when there is no necessity for
So doing, and in these stirring and patriotic times of
To-day everybody should feel a keen interest in
American products which are deserving of merit,

Both for the reasons that they are used
Largely among American citizens, and made by
Americans for American people in America
Now and always; and therefore we ask you to give the
Cresta Blanca California Wines
A fair and impartial trial at your club or home

With anything of like cost from France.
Inasmuch as these wines have been acknowledged second to
None in comparison with goods from the
European countries, wherever exhibited, you
Surely are in favor of American goods.

"REMEMBER THE NAME!"

Certain individuals who do not patronize American industries run of an idea that in order to get good wines they must use European products, when there is no necessity for so doing, and in these stirring and patriotic times of to-day everybody should feel a keen interest in American products which are deserving of merit,

Both for the reasons that they are used

Largely among American citizens, and made by

Americans for American people in America

Now and always; and therefore we ask you to give the

Cresta Blanca California Wines

A fair and impartial trial at your club or home

With anything of like cost from France.

Inasmuch as these wines have been acknowledged second to

None in comparison with goods from the

European countries, wherever exhibited, you

Surely are in favor of American goods.

The ONLY California Wines used at these Concerts. Order a bottle and be convinced.

"REMEMBER THE NAME!"

Certain individuals who do not patronize American industries
Run of an idea that in order to get good wines they must use
European products, when there is no necessity for
So doing, and in these stirring and patriotic times of
Today everybody should feel a keen interest in
American products which are deserving of merit,

Both for the reasons that they are used
Largely among American citizens, and made by
Americans for American people in America
Now and always; and therefore we ask you to give the
Cresta Blanca California Wines
A fair and impartial trial at your club or home

With anything of like cost from France.
Inasmuch as these wines have been acknowledged second to
None in comparison with goods from the
European countries, wherever exhibited, you
Surely are in favor of American goods.

"REMEMBER THE NAME!"

Certain individuals who do not patronize American industries
Run of an idea that in order to get good wines they must use
European products, when there is no necessity for
So doing, and in these stirring and patriotic times of
To-day everybody should feel a keen interest in
American products which are deserving of merit,

Both for the reasons that they are used
Largely among American citizens, and made by
Americans for American people in America
Now and always; and therefore we ask you to give the
Cresta Blanca California Wines
A fair and impartial trial at your club or home

With anything of like cost from France.
Inasmuch as these wines have been acknowledged second to
None in comparison with goods from the
European countries, wherever exhibited, you
Surely are in favor of American goods.

The ONLY California Wines used at these Concerts. Order
a bottle and be convinced.

"REMEMBER THE NAME!"

Certain individuals who do not patronize American industries
Run of an idea that in order to get good wines they must use
European products, when there is no necessity for
So doing, and in these stirring and patriotic times of
To-day everybody should feel a keen interest in
American products which are deserving of merit,

Both for the reasons that they are used
Largely among American citizens, and made by
Americans for American people in America
Now and always; and therefore we ask you to give the
Cresta Blanca California Wines
A fair and impartial trial at your club or home

"REMEMBER THE NAME!"

Certain individuals who do not patronize American industries
Run of an idea that in order to get good wines they must use
European products, when there is no necessity for
So doing, and in these stirring and patriotic times of
To-day everybody should feel a keen interest in
American products which are deserving of merit,

Both for the reasons that they are used
Largely among American citizens, and made by
Americans for American people in America
Now and always; and therefore we ask you to give the
Cresta Blanca California Wines
A fair and impartial trial at your club or home

With anything of like cost from France.
Inasmuch as these wines have been acknowledged second to
None in comparison with goods from the
European countries, wherever exhibited, you
Surely are in favor of American goods.

The ONLY California Wines used at these Concerts. Order
a bottle and be convinced.

"REMEMBER THE NAME!"

Certain individuals who do not patronize American industries
Run of an idea that in order to get good wines they must use
European products, when there is no necessity for

American products which are deserving of merit,

Both for the reasons that they are used
Largely among American citizens, and made by
